

“Without knowing the world of others, your own world will never get rich!”

FETP Thailand and ASEAN+3 FETN Coordinating Office have received a great opportunity to welcome the Ethiopian Public Health Institute at the Ministry of Public Health Thailand.

On 8 February 2023, the Ethiopian Public Health Institute comprising of Dr Mesay Hailu, Director General, Mr Aschalew Abaneh, Deputy Director General, and Dr Abraham Alano, senior health officer visited MOPH to learn how Thailand implemented the “all-of-society engagement and continuing capacity development in health leadership” especially during COVID-19 and discuss good practices and challenges for Public Health Emergency Management Leadership Capacity Development.
