Exploring Prioritised Areas of Interest

1. Adapting standard curricula to local contexts
2. Adapting communicable-disease curricula to non-communicable-disease curricula
3. Adapting existing curricula to new contexts like COVID-19 and strengthened national capacity
4. Adapting training approaches to meet diverse trainee backgrounds, experiences, competencies, needs, etc. (for each learner)
5. Adapting digital technology to the curricula (considering quality, engagement)
